

Agro development in Nigeria – The vision and directive to success

INC- Israel Nigeria Center

Abstract

Nigeria with the largest economy in Africa has set a goal to expand agro production and replace imports as well as creating a surge in employment opportunities.

This ambitious goal of the government to triple domestic production has to be based on the following **TEN PRINCIPILAS**:

- 1) Address **FOOD SECURITY** and prioritize crops and fields to expand.
- 2) Introduce more **MODERN TECHNOLOGY** and expand its implementation
- 3) Provide **TRAINING AND KNOWLEDGE TRANSFER** for each and every farmer.
- 4) Provide and arrange **SERVICES** of Mechanization, farm supply (fertilizers, seeds. etc) and crop processing (Post harvest) that every farmer can reach.
- 5) Provide **CAPACITY BUILDING** and **HUMAN EMPOWERING** to farming communities, to strengthen their ability to cooperate, learn and work together.
- 6) Create an environment for **PRIVATE INVESTORS** from Nigeria and abroad to join in and set-up **AGRO INDUSTRY, SERVICE INDUSTRY** as well as **PRIVATE FARMS**.
- 7) **EXPAND** the arable **FARMING AREA** to more regions in all States whilst protecting the environment in sustainable way.
- 8) Use **RELETIVE ADVANTAGES** when developing any initiative. **Don't fight nature and use technology to overcome barriers.**
- 9) **PLAN ECONOMICALLY** and set clear targets for farmers profit and living standards.
- 10) The Federal or State government has the responsibility to set-up a clear **AGRO DEVELOPMENT POLICY** that will lead the process.
